

## Steelcase Series 2 Task Chair

### Specification :

- Black frame and 5 star base
- Armless
- Seat height and depth adjustment
- Mesh back with upholstered seat – Black
- Standard castors for carpet
- Back lock and tension adjustment

SKU – SERIES2

Steelcase Series 2 features our signature Air LiveBack® technology, which works through an innovative geometric design that provides sophisticated support.

The specially engineered wave pattern is scaled to provide support for each part of the spine, allowing it to flex in multiple dimensions to create responsive, personalized comfort and fit.

The Steelcase Series 2 chair is tested to 136kg and is certified AFRDI Level 6.

The Steelcase Warranty covers the chair for twelve years, with the exception of the fabric and mesh, which is covered for three years.

Any servicing of your Steelcase Product, must be performed by ARKI Environments or a Steelcase authorised dealer.

## Steelcase Series 2 Task Chair

### User adjustments

#### **BACK TENSION AND BACK ANGLE**

Turn the dial to one of the three comfort settings:

- Upright back lock
- Full recline with weight-activated tension + boost
- Full recline with weight-activated tension

#### **SEAT HEIGHT**

To raise chair, lift your body weight and hold lever up.

To lower chair, remain seated and hold lever up.

#### **SEAT DEPTH**

Pull handle and hold, slide seat forward or back, and release lever to lock. With your back against the chair, you should have 2" – 3" of space between the backs of your knees and the seat edge.

Tip: lift weight out of seat when adjusting depth.
